Subject: - Industry Internship Evaluation for Session (2025-2026)

Greetings from RCOEM!!!

On behalf of our institute, I would like to express our gratitude for providing a full semester internship opportunity at your prestigious organization. It is a great honor for our students to gain valuable experience and knowledge through this program.

We understand that the internship period is coming to an end and we would like to finalize the Industry Internship Evaluation. We kindly request you to provide the evaluated results of the assessments conducted during their stay at your organization. We need this to prepare and display the Final 8th Semester result of the candidates.

Please find below the attached Industry Internship Evaluation Sheet and kindly provide your valuable feedback about the performance of the student during the internship period. I request you to consider this as a priority, as the students need their final results for the completion of joining formalities as Full-Time Employee and adhere to the confidentiality clause and do not share the student's marks with them.

Please send your final evaluation to <placements@rk nec.edu>

We appreciate your cooperation in helping us complete this evaluation process and look forward to hearing from you soon.

If you have already received the mail, please ignore it.

Thank you for your time and consideration.

Thanks & Regards,

Dr. Parag Jawarkar
